## THE ULTIMATE WINGHOP.

As the managing partner in the ADHA breeding program, Roy Farms has been unearthing the potential of the Azacca hop making this one of today's most sought after varieties. This variety is guaranteed to elevate the desired characters of your hop bill, while adding its own distinct flavor and aroma. The tropical fruit notes and aromatic qualities of the Azacca variety makes it the go-to hop for late and dry hop additions in varying styles of beer. You can be confident you're purchasing the highest-quality Azacca hops directly from Roy Farms with our unwavering commitment to sustainable farming and growing practices, as well as the 113 harvests under our belt.

## THE SCIENCE BEHIND THE CRAFT.

### BREWING VALUES

ALPHA ACIDS	14 % - 16 %
BETA ACIDS	4.0 % - 5.5 %
TOTAL OILS	1.6 - 2.5 ml/100g

### TOTAL OIL COMPOSITION

MYRCENE	46 % - 55 % of total oil
HUMULENE	14 % - 18 % of total oil
CARYOPHYLLENE	8 % - 12 % of total oil
FARNESENE	< 1 % of total oil

Alpha acids are determined by conductometric titration (EBC 7.4) in Europe;  
by spectrophotometric (ASBC Hops-6) in the USA.
