AMARILLO® brand V6XP01 c.v. developed and owned by Virgil Gamache Farms, Inc.

## A VARIETY THAT PACKS A SWEET PUNCH.

Some would say legendary, others would say a classic. Amarillo® is a go-to hop variety with its citrus-like flavor, light stone fruit and floral characteristics. Amarillo® packs one of the highest myrcene oil contents of any hop, which gives it a very sweet citrus flavor and an aroma that is closer to oranges than grapefruit. Plus, it offers solid bittering properties in the 9%-11% alpha acid range.

You can be confident you're purchasing the highest-quality Amarillo® hops directly from Roy Farms with our unwavering commitment to sustainable farming and growing practices.
